# INVISA COOK

*The Original*

Cook Directly On Your Kitchen Countertop

# How Does It Work?

Induction Hob Require  
Induction Compatible Magnetic Cookware

- ✓ The hidden  hob allows to cook directly on the countertop in comfort and safety.
- ✓ The technology is based on induction hob that heat the pot or pan directly, rather than, heating the countertop.
- ✓ The use of  is suitable for stainless steel metal pots and pans.
- ✓ By using the placemat provided with the product, the heat transferred from the pot to the surface is reduced and does not overheat the surface.
- ✓ The use of  is suitable for all-natural stone, granite that is milled to 15mm, 12 mm, and the ultra-compact porcelain material that is 12 mm. Not suitable for "quartz countertops".
- ✓ 5-year warranty (full warranty for the first year + four-year warranty limited)

# Benefits

Thanks to **INVISACOOK** hob, you can utilize your countertop and save valuable space.

Reduce cooking and frying times due to direct heating of the pan or pot.

Energy saving, as 90% of the energy is used directly to heat the induction cookware.

Easy maintenance and cleaning, due to a seamless kitchen.

The control-panel can be hidden from environmental influences and can be controlled using a mobile phone or tablet.

Heat & Safety Control - The unit supplies or cuts off energy immediately by operating the unit through the touch screen control-panel.

Can also be used in outdoor kitchens.

# INVISA MAT

## Induction & Anti-Slip Cooking Mat

INVISA  MAT SHOULD ALWAYS BE USED WHILE USING

### Heat Diffusing

Raised silicone ridges extend the lifespan of induction cooktops by diffusing the heat during cooking.

### Safe cooking

Prevents cookware from sliding during cooking.

### Easier to clean

Ridges contains spills, preventing them reaching your induction cooktop.

INVISA  MAT

### Flexible and Durable

Formula of silicone and fiberglass prevents scratches and scrapes from contact with cookware.

- The INVISA  MAT - Reduce the intensity of the heat transferred from the pot to the surface by 50%.
- Dishwasher safe.

# Recommended Countertops

The Invisacook hob can be connected to all types of granite (up to 15mm) & porcelain (up to 12 mm).
